

LEVERAGERS STEALTH LAUNCH (ROADMAP)

prioritizes organic growth and fair distribution by releasing the token without prior public announcement or presale.

PHASE 1 ****Infrastructure:****

- 1) Deploy the official website and social media channels in private mode.
- 2) 1000 Army Hunt: Army provide huge liquidity

PHASE 2:

The Reveal:

Momentarily after locking, announce the contract address (CA) across social media to invite the first wave of buyers.

PHASE 3:

Growth & Visibility

- 1) Community Building: Initiate organic marketing, raids, and community engagement to drive volume.
- 2) ***Verification:*** Apply for listings on ****CoinGecko*** and ****CoinMarketCap*** once volume and holder requirements are met.
- 3) ***Token Verification:**** Ensure the contract is verified on Solscan, Jupiter Dex etc.

PHASE 4: ***Expansion and Partnerships:***

Collaborate with influencers and other projects for cross-promotion.

PHASE 5

****Utility Rollout:***

PHASE 6

CEX Listing: Pursue listings on Centralized Exchanges to increase liquidity and accessibility.
